After, visit the Karisoke Research Center, which was founded by Dr. Dian Fossey in 1967. Meet with a resident researcher and enjoy a tour to learn about their ongoing work in the protection of mountain gorillas. In the evening, expand your understanding of gorillas through an in-depth lecture from one of the head wardens of Volcanoes National Park.
- **DAY 4 VOLCANOES NATIONAL PARK**
Depart early and transfer to the national park to meet the park ranger/guide for orientation. Embark on a gorilla trek, which can vary in length and difficulty, depending on the location of the gorilla family that's being visited. Spend an hour observing these beautiful and endangered creatures. After, return to the lodge for lunch then visit a local village to catch a glimpse of daily rural life.
- **DAY 5 VOLCANOES NATIONAL PARK/QUEEN ELIZABETH NATIONAL PARK**
After breakfast, cross into Uganda, arriving at the Queen Elizabeth National Park area in the late afternoon.
- **DAY 6 QUEEN ELIZABETH NATIONAL PARK**
Explore the lush Kalinzu Forest Reserve with a ranger on a trek in search of chimpanzees who call this protected area home.
